The City has been informed that it has been allocated CDBG Cares Act (CDBG-CV) Supplemental funding for the 2019-2020 fiscal years in the amount of \$220,908. These funds can be used for a COVID-19 response purposes, in accordance with the HUD guidelines, for projects/programs including property acquisition and disposition, housing, public facilities and improvements, public services, and commercial/industrial improvements and other economic development activities. However, in order to use CDBG-CV funds for any of these eligible activities, it must be shown that the activity will prevent, prepare for or respond to the COVID-19 pandemic.

The primary objective of the CDBG program is the development of viable urban communities by providing decent housing and a suitable living environment, and expanding economic opportunities, principally for persons of low- and moderate income. In order to be eligible for CDBG funding, a project must address at least one of the following national objectives:

- The activity must benefit low- and moderate-income persons; or
- The activity must aid in the prevention or elimination of slums or urban blight; or
- The activity must meet a certified urgent need posing a threat to health and welfare.

The proposed CDBG-CV programs will comply with one or more of these objectives. Additionally, the City of Cudahy continues to use its regular CDBG funds for code enforcement, the rehabilitation of single-family homes, assistance to local businesses, and various public services including youth nutrition, hot meals for senior citizens, food distribution, senior services, landlord/tenant services, and recreational services.

All interested parties are invited to attend the public hearing and suggest projects or programs for the use of the City's CDBG-CV funds during the 2019-2020 fiscal years.
